5 PROCEDURES

Responsibility for Implementation

This policy covers the behaviour of all people employed or volunteering in *My Activities* or using the services and sets out the way they can expect to be treated in turn by the organisation. The overall responsibility for ensuring adherence to and implementation of this policy lies with the staff and the management committee.

Method of Implementation

My Activities intends to implement this policy by:

Ensuring that it is a condition of paid employment in the organisation.

Ensuring that Management committee, volunteers and users are made aware, understand, agree with, and are willing to implement, this policy. All staff and volunteers will be given a copy of this policy as part of their induction.

Actively encouraging staff, management committee and volunteers to participate in anti-discriminatory training and making time and resources available for such training.

Monitoring the services, publicity and events provided by the organisation, to ensure that they are accessible to all sections of the population and do not discriminate and taking active steps to ensure that participation is representative.

Monitoring and Reviewing

My Activities has declared its commitment to establishing, developing, implementing, and reviewing a policy of equality of opportunity. Effective record keeping and monitoring, and acting on information gathered, are essential to measure effectiveness and plan progress. The management committee will review the policy annually.

Child protection policy

My Activities fully recognises its responsibilities for child protection.

Our policy applies to all staff, and volunteers working with children for My Activities. There are five main elements to our policy:

- Ensuring we practice safe recruitment in checking the suitability of staff and volunteers to work with children.
- Raising awareness of child protection issues and equipping children with the skills needed to keep them safe.
- Developing and then implementing procedures for identifying and reporting cases, or suspected cases, of abuse.
- Supporting children who have been abused in accordance with his/her agreed child protection plan.
- Establishing a safe environment in which children can learn and develop.

We recognise that because of the day-to-day contact with children, staff are well placed to observe the outward signs of abuse. My Activities will therefore:

- Establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to.
- Ensure children know that there are adults in My Activities whom they can approach if they are worried.

We will follow the procedures set out by the Local Safeguarding Children Board and take account of guidance issued by the Department for Education and Skills to:

- Ensure we have a designated senior person for child protection who has received appropriate training and support for this role.
- Ensure every member of staff (including temporary and volunteers) and governing body knows the name of the designated senior person responsible for child protection and their role.
- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and responsibility for referring any concerns to the designated senior person responsible for child protection.
- Keep written records of concerns about children, even where there is no need to refer the matter immediately.
- Ensure all records are kept securely, and in locked locations.
- Develop and then follow procedures where an allegation is made against a member of staff or volunteer.
- Ensure safe recruitment practices are always followed.

We recognise that children who are abused or witness violence may find it difficult to develop a sense of self-worth. They may feel helplessness, humiliation, and some sense of blame. When at My Activities their behaviour may be challenging and defiant or they may be withdrawn. My Activities will endeavour to support the child through:

- The behaviour policy which is aimed at supporting vulnerable children in the activities. My Activities will ensure that the children knows that some behaviour is unacceptable, but they are valued and not to be blamed for any abuse which has occurred.
- Liaison with other agencies that support the children such as social services, Child and Adult Mental Health Service, education welfare service and educational psychology service.
- Ensuring that, where a pupil on the child protection register leaves, their information is kept confidential
